

# **Physiotherapies** *the healing touch...*

## **WE ARE STILL OPEN | BUSINESS AS USUAL**

Because we know how important is for you to succeed and stay fit, in COVID 19 crisis we have enhanced our staff and clients safety and well-being measures.

### **Safety First**

Clinicians Washing hands, using sanitiser, Cleaned Equipments, Alcohol wiped plinth and treatment spaces, including all equipments before and after use. Contactless payments at all clinic are also available for your convenience.

### **Innovative ideas**

It is an interesting time in our lives. We hope to minimise the contagion through these practices and to keep you safe and continue to deliver amazing care. We appreciate you continuing to work with us through this difficult time.

### **Tele Health**

If anyone is unable to continue treatment for any reason, we are proud to offer an amazing Physitrack Telehealth service that will replicate treatment and rehab regimes. User friendly, and very effective to run sessions on it.

## **Clients at risk!**

Clients who are at risk are asked to contact the office via telephone from which you are treated. At risk now includes Immuno-suppressed clients, the elderly, and those who have been in high risk areas or in contact with COVID-19 patients.
